Field Manual // clawd.run

A COMPUTER THAT SLEEPS.

Give Claude or Grok its own computer.

One link gives your chat a browser, persistent files and a shell. Your sign-ins and work stay put between conversations.

Same disk. Next conversation.

clawd.run

Awake / asleep / awake · schematic

Field Manual // connection

WHAT'S IN THE BOX

You paste one connector link into Claude or Grok.

BROWSER

Signed in stays signed in.

Keeps sign-ins.

FILES

The work stays on disk.

Stay between chats.

SHELL

On its own computer.

Runs commands.

Session reference // Oct 6, 2026 · 8:22 PM ET

Awake / asleep / awake · schematic

Field Manual // recorded session

LOG OF ONE RECORDED SESSION, OCT 6, 2026

Times are ET, recorded.

8:22 PM, Chat 1

Already awake, connected in 0.4 s. Claude checks the Hacker News front page, takes a screenshot and writes watch/hn.md.

A log on its own disk.

Then 5 idle minutes

It stops on its own.

Asleep for 33 minutes

Not counting toward your hours.

8:55 PM, Chat 2

Wakes it in 2.5 s and reads chat 1's log from the same disk.

New chat. Same file.

Oct 6, 2026 // 8:22 PM → 8:55 PM ET

Awake · 8:22 PM / asleep · 33 minutes / awake · 8:55 PM

Recorded sequence; strip schematic, not to scale.

GIVE IT A JOB

A browser, files and a shell. Give the computer a task through Claude or Grok.

Entry 01

WATCH A PAGE

“Check the Hacker News front page, show me a screenshot, and tell me what changed since last time. Keep a log in watch/hn.md.”

Keep the record between chats.

Entry 02

FILL A FORM FROM A SPREADSHEET

It reads rows from a file on its computer and types them into the form.

File on disk. Browser for the form.

Session reference // Oct 6, 2026 · 8:22 PM ET

Awake / asleep / awake · schematic

RULES OF THE MACHINE

5 IDLE MINUTES

It sleeps after 5 idle minutes.

THE NEXT REQUEST WAKES IT

The next request from Claude or Grok wakes it.

ONLY AWAKE TIME COUNTS

Only awake time counts toward your plan.

Asleep time does not count.

THE DISK STAYS

Sign-ins and files stay on its disk.

WAITLIST OPEN NOW AT CLAWD.RUN

One email when your computer is ready.
